Vision for Arnside & Silverdale National Landscape

Our vision for the Landscape is included on page 2 of the plan.

1. Please use this space for any comments regarding the draft vision (page 2)

We strongly support the overall vision.

Strategic Objectives

The following questions are about the draft Strategic Objectives and Actions included in the Plan. These form the 'core' of the plan and are the key areas on which we would like to hear your views.

Please consider if you agree with the draft Outcomes and Actions. Please let us know if you think anything is missing, or if specific aspects of each of the Strategic Objective chapters requires further information, improved clarity or refinement.

If you have comments about a particular area of the plan please include the page number and objective or action reference e.g "1a". Please be as detailed and specific as possible in your response.

2. Please use this space for any comments regarding Strategic Objective 1 - Landscape & Seascape (pages 17 - 20)

We are concerned about the conflict between tranquility and tourism and are keen to support 1e We also have concern about traffic brought by more tourism.(see later sections) We also want to recognise the importance of climate action throughout the plan(1g and 1h Generally support this section.

3. Please use this space for any comments regarding Strategic Objective 2 - Geodiversity (Pages 21 - 23)

No comments

4. Please use this space for any comments regarding Strategic Objective 3 - Biodiversity (pages 24 - 34)

For more information on our Biodiversity strategy please refer to the Arnside & Silverdale Nature Recovery Plan. The Nature Recovery Plan goes into greater detail about the specific habitats and species found within the Landscape and the actions required to conserve and enhance them.

Comments specific to the Nature Recovery Plan can be included here or sent directly to the team at info@arnside-silverdale.org.uk

We would like to know more about Leighton Moss ideas- this could impact on Yealand roads. We spent some time discussing recreational disturbance from both people and dogs.We would like more emphasis on measures to educate dog owners and other measures to reduce impact of dogs on wildlife and farming.

More people coming to the landscape adversely impacts on wildlife.Z

We support wildflower verges and would like to do more(3d)
We strongly support swift boxes, bird and bat boxes etc and would like to encourage these to be provided

5. Please use this space for any comments regarding Strategic Objective 4 - Historic & Cultural Heritage (pages 35 - 41)

4b not clear what 'feasible ' means

We recognise the conflict between conservation and climate change in terms of carbon reduction measures, need for larger gutters etc. we feel that it should be made easier for residents to take these measures and that the balance needs to shift in this direction(this is really one for the Local Plan.)

4k orchards- we support this

6. Please use this space for any comments regarding Strategic Objective 5 - Access, Enjoyment & Well-being (pages 42 - 48)

We would like the first outcome to mention after 'people ' both residents and visitors.

5h We support better signage to keep people on designated routes and feel there is no need for new routes.

5f We support managed visits - especially bringing children out from deprived areas to experience the countryside but coach parking and areas of access needs careful management to avoid problems.qaQ

5m we are very pleased to see this action and strongly support it where appropriate. Enforcement of speed limits is a So needed. Speeding tractors can be a problem!

We are aware that people bring litter and welcome the litterpicking done by the NL volunteers. We would like to see more enforcement of littering

7. Please use this space for any comments regarding Strategic Objective 6 - Sustainable Economy, Tourism & Transport (pages 49 - 52)

6g we support this

6i what does this mean.? What is the RSPB proposing and will it mean more traffic for us?

8. Please use this space for any comments regarding Strategic Objective 7 - Planning & Place Making (pages 53 - 61)

The Planning & Place Making Principles have been developed using the Arnside & Silverdale Development Plan Document (DPD), introduced in 2019. The DPD covers both the Lancaster City Council and Westmorland & Furness Local Authority areas and provides consistent development policy across the whole landscape.

The DPD remains currently adopted Local Authority policy. The objectives and actions included within the Planning & Place-making section are intended to reflect the principles included within the DPD.

We would like to explore the provision of affordable housing(probably best addressed through Local Plan)

9. Please use this space for any comments regarding Strategic Objective 8 - Farming, Forestry & Rural Land Use (pages 62 - 67)

We welcome 8a

10. Please use this space for any comments regarding Strategic Objective 9 - Governance & Ways of Working (pages 68 - 71)

Key partners should include charities(eg WI) and faith groups

11. Please use this space for any comments regarding Strategic Objective 10 - Finance & Fundraising (pages 72 - 74)

Supporting Documents

As part of the Management Plan review process we prepare a series of supporting documents, including The State of The National Landscape Report, a Habitats Regulations Assessment (HRA), a Strategic Environmental Assessment (SEA), an Equality Impact Assessment (EqIA) and a review of the previous iteration of the Plan. The documents do not form part of the statutory plan but have been used to inform the development of the draft.

These documents are available for download alongside the Draft Management Plan.

12. Please use this space for any comments regarding any of the supporting documents

Please include relevant document and section references for any comments made

Not considered

Optional further comments

Please provide further details if any of the previous questions have not covered the areas of the Draft Plan you wish to comment on

13. Please use this space for any further comments regarding the Draft Management Plan

For editorial corrections, mistakes or errors please provide the page number and paragraph.

We welcome this plan and as a parish want to engage in trying to make some of the policies most relevant to us happen.

These comments are from a public meeting in .yealand including parish council members and others.
