

## WELCOME TO THE YEALANDS

The Yealands is made up of the villages of Yealand Conyers, Yealand Redmayne and Yealand Storrs. These villages are all within the Arnsdale and Silverdale National Landscape. You will find a network of footpaths and rights of way, providing local walks through woods and fields, over limestone pavements and coastal mudflats with impressive views of Morecambe Bay, the Lakeland Fells and the Howgills.

Dogs are welcome on these public paths but please keep them under close control and clean up after them to ensure that farm animals, wildlife and other

September 24

users can share the space, without coming to harm.

## **Keeping in touch**

### **Yealand News**

Produced monthly and sent by email (paper copies possible if needed), please send an email to Alan Tyldesley [alantylDESLEY@gmail.com](mailto:alantylDESLEY@gmail.com) to be added to the contact list.

### **Facebook**

The Yealands Gossip Page for chat, news and information on all subjects local to the Yealands.

[The Yealands Gossip Pages | Facebook](#)

[www.facebook.com/groups/1836004469979070](http://www.facebook.com/groups/1836004469979070)

### **WhatsApp**

The Yealands Support Group is a local WhatsApp group which started in lockdown for anyone who wanted to give and receive support, it is more of an information exchange now, for those who don't use FB. Contact Gerry on 07769 335107

### **Parish News**

Produced monthly with adverts from local traders. Available on the church benefice website, for and paper copies distributed, contact: Angela Sewell 01524 734308

Advertising and copy to Kate Waddington at [ParishNews@outlook.com](mailto:ParishNews@outlook.com)

#### **Leighton Moss**

Leighton Moss RSPB reserve has been in the care of the Royal Society for the Protection of Birds since 1964. Leighton Moss contains the largest area of reed beds in northwest England. The site provides habitats for many species of wildlife, including bitterns and red deer. As a wetland of international importance, it was designated a Ramsar site in 1985 and is a Site of Special Scientific Interest, a Special Protection Area, and an Important Bird Area.

[www.rspb.org.uk/reserves-and-events/find-a-reserve/reserves-a-z/reserves-by-name/l/leightonmoss](http://www.rspb.org.uk/reserves-and-events/find-a-reserve/reserves-a-z/reserves-by-name/l/leightonmoss)

## **Gaitbarrow National Nature Reserve**

<https://www.gov.uk/.../lancashires-national-nature-reserves>

Gait Barrows NNR in the heart of the Arnsdale and Silverdale Area of Outstanding Natural Beauty, is one of Britain's most important areas of limestone landscape.

Main habitats: limestone pavement, woodland, fen, limestone grassland

Some areas of the site have access restrictions under the CROW act, but the nature trails and public footpaths are open to the public at all times.

Keep dogs on a lead at all times.
