

WELCOME TO THE YEALANDS

The Yealands is made up of the villages of Yealand Conyers, Yealand Redmayne and Yealand Storrs. These villages are all within the Arnside and Silverdale National Landscape. You will find a network of footpaths and rights of way, providing local walks through woods and fields, over limestone pavements and coastal mudflats with impressive views of Morecambe Bay, the Lakeland Fells and the Howgills.

Dogs are welcome on these public paths but please keep them under close control and clean up after them to ensure that farm animals, wildlife and other users can share the space, without coming to harm.

Keeping in touch

Yealand News

Produced monthly and sent by email (paper copies possible if needed), please send an email to Amanda Bingley yealandnewsletter@gmail.com to be added to the distribution list.

Facebook

The Yealands Gossip Page for chat, news and information on all subjects local to the Yealands.

Leighton Moss

Leighton Moss RSPB reserve has been in the care of the Royal Society for the Protection of Birds since 1964. Leighton Moss contains the largest area of reed beds in northwest England. The site provides habitats for many species of wildlife, including bitterns and red deer. As a wetland of international importance, it was designated a Ramsar site in 1985 and is a Site of Special Scientific Interest, a Special Protection Area, and an Important Bird Area.

www.rspb.org.uk/reserves-and-events/find-a-reserve/reserves-a-z/reserves-by-name/l/leightonmoss

Gaitbarrow National Nature Reserve

<https://www.gov.uk/.../lancashires-national-nature-reserves>

Gait Barrows NNR in the heart of the Arnside and Silverdale Natural Landscape, is one of Britain's most important areas of limestone landscape.

Main habitats: limestone pavement, woodland, fen, limestone grassland

Some areas of the site have access restrictions under the CRoW act, but the nature trails and public footpaths are open to the public at all times.

Keep dogs on a lead at all times.
